incorporated trustees**

SUBSCRIPTION PACKAGES FOR INSTITUTIONS

Connecting Researchers to Resources around them

GOLD

Here are the benefits of being on our Gold package

1 Africa Science information Access network gives you access to our online community, website, social media handles (Facebook, Instagram, LinkedIn, etc.) which will give your institution and its products a global outlook on the world stage for customers to access your services anywhere in the world.

2 Introduction and partnership with renowned researchers and research centers across Africa and the world for research collaboration and linkages which will increase the credibility and rank your organization amongst the leading ones in your field.

GOLD

3 Facilitation of research trips, travel and excursions for staff and students amongst research centers/organizations/companies to expose and update each other on recent happenings in the world of science.

4 Regular updates on advances in research and research breakthroughs from your institution which would promote the name and value of your institution.

5 Access to our yearly Africa Science Information Access Network international online conference where the latest innovations in various scientific fields of our partners and subscribers will be showcased and awards will be presented to the best in each category.

GOLD

6 Access to a marketplace to display your products, (equipment and tools) that are vital in research for others to purchase.

7 Alerts notifications for international scholarships, courses in postgraduate studies and access to an outstanding team that provides a unique, flexible and unbeatable service to guide you in securing this opportunity for your institutions.
